

REMARKS/ARGUMENTS

Claims 1-5 are pending herein, claim 1 being independent. The Examiner has allowed all claims. No amendments are made herein.

In the pending Office Action, the Examiner called for the submission of a new statement signed by the assignee of all rights to the effect that the assignee consents to the reissue of the patent herein. Enclosed is a duly signed Certificate Under 37 CFR 3.73(b) setting forth the consent of the assignee, Electronics and Telecommunications Research Institute ("ETRI"), to the reissue of the patent. The Certificate recites the reel and frame numbers of the two separate assignment documents executed by the inventors of the patented subject matter and that the Certificate is signed by a person empowered to act on behalf of ETRI.

The Examiner has also noted that the original patent document needs to be submitted. It is noted that the original patent document was submitted on April 23, 2004, and the submission of the original Patent Document is reflected in PAIR in the official listing of transactions..

There being no further requirements for issuance of the reissue certificate herein, early and favorable action is respectfully solicited.

It is believed that no fees or charges are required at this time in connection with the present application. However, if any fees or charges are required at this time, they may be charged to our Patent and Trademark Office Deposit Account No. 03-2412.

Respectfully submitted,
COHEN PONTANI LIEBERMAN & PAVANE LLP
